National PTA believes all children deserve a quality arts education and encourages students to pursue artistic expression through participation in its annual Reflections Program. The program offers students the opportunity to create works of art for fun and recognition. Students in kindergarten through grade 12 are encouraged to submit works of art in six areas: literature, musical composition, photography, dance, video production, and the visual arts (which include art forms such as drawing, painting, print making, and collage). In its more than 30 year history; the program has encouraged millions of students across the nation and in American schools overseas to explore their artistic talents. The Reflections Program was started in 1969 by then Colorado PTA President Mary Lou Anderson.

Jeffco PTA participates in the National Reflections Program. Student works and projects are submitted through any PTAs and PTSAs in good standing. Entries compete progressively, beginning with their local PTA/PTSA, and moving up to the Jeffco PTA (or other council), Colorado PTA, and National PTA levels.

Special Thanks

To the dedicated volunteers that make this program run, including all of the chairpersons from participating schools.
